

**B.L. Downey Company has been a**

**leader**

**in the powder coating and  
E-coating industry since 1956.**

**Constellation.**  
An Exelon Company

America's energy choice.

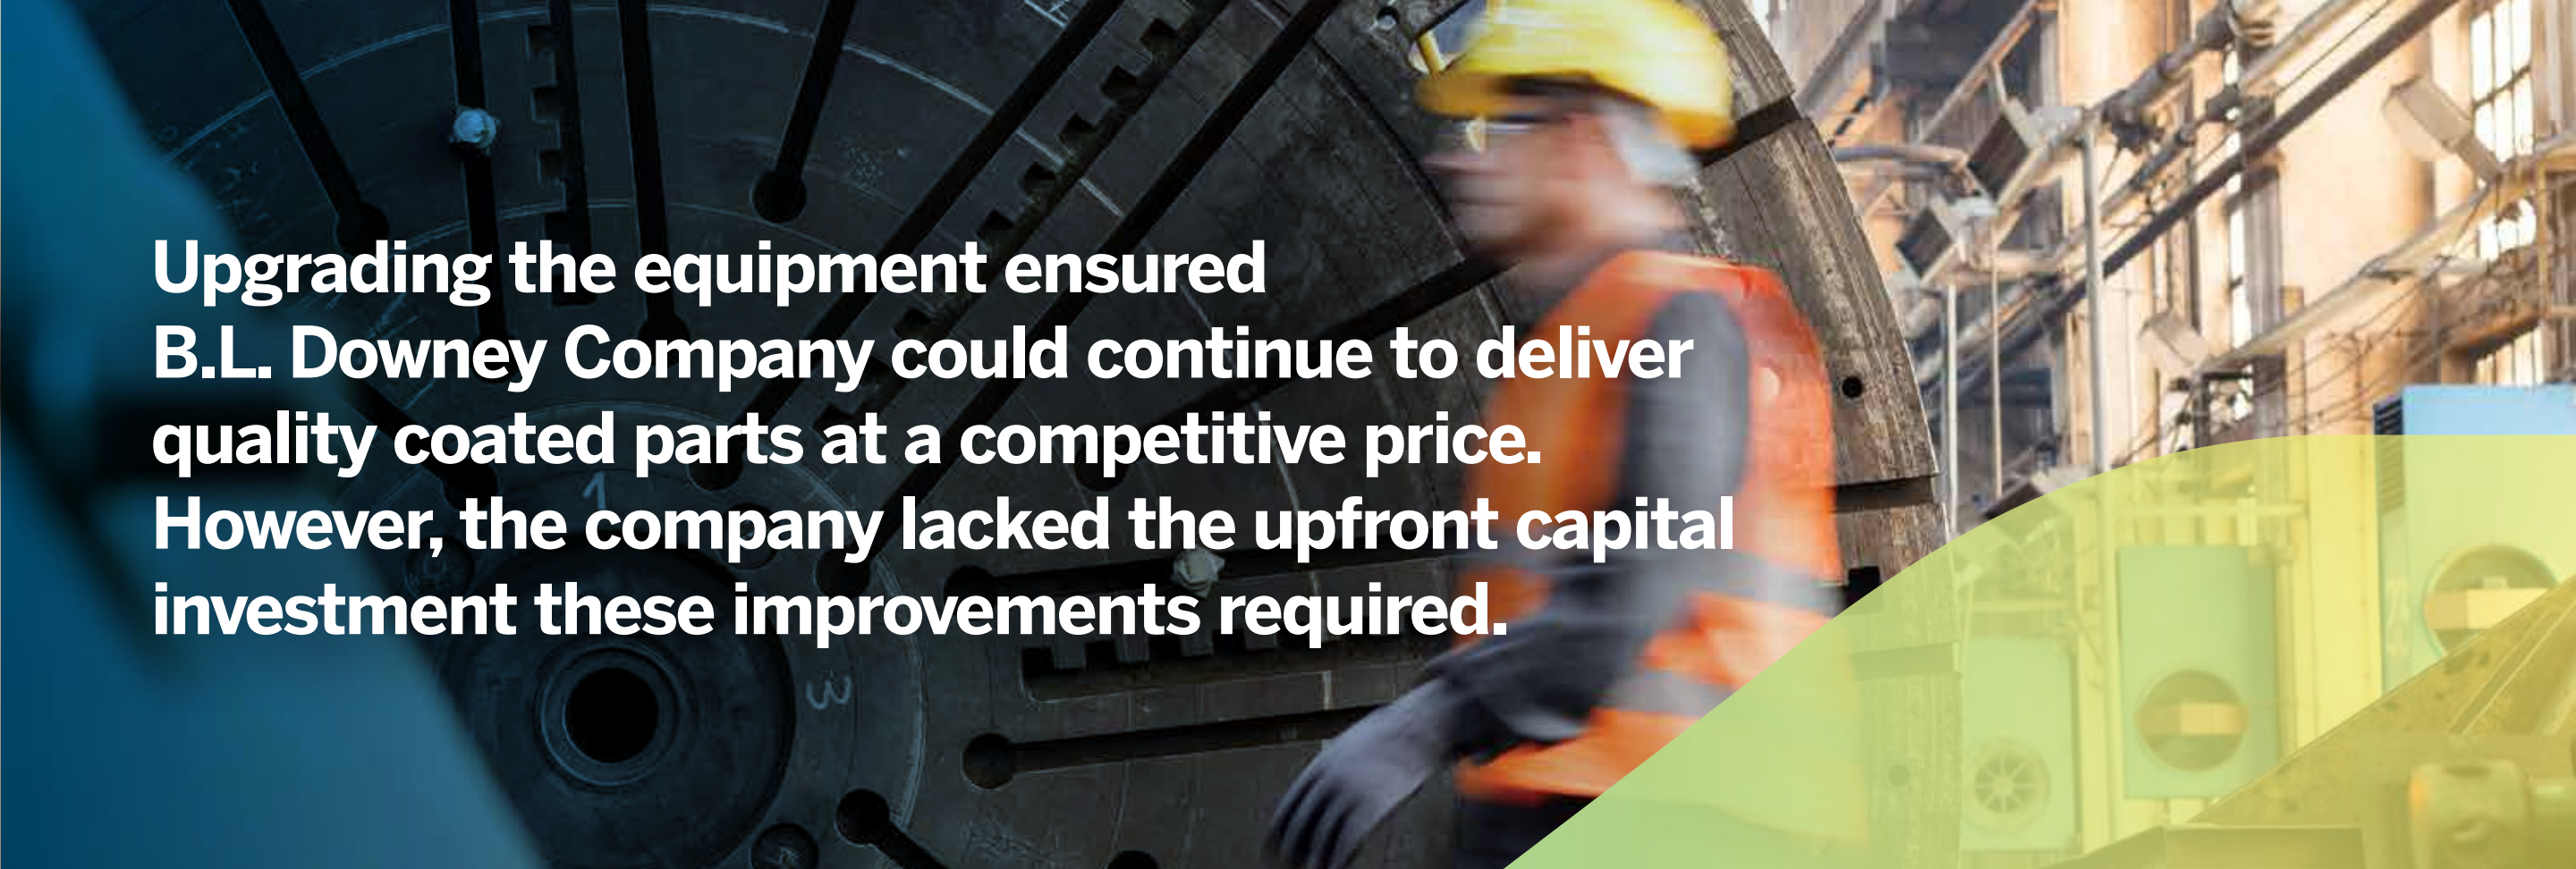

**Because its existing ovens and exhaust blowers were operated by manual controls, they were more prone to temperature variations and wasted energy.**

**Constellation**  
An Exelon Company

America's energy choice.

**Upgrading the equipment ensured B.L. Downey Company could continue to deliver quality coated parts at a competitive price. However, the company lacked the upfront capital investment these improvements required.**

An Exelon Company

America's energy choice.

**Working with Constellation, B.L. Downey Company implemented an Efficiency Made Easy<sup>®</sup> (EME) project, allowing it to make approximately \$1 million in upgrades—with no upfront capital investment.**

**Constellation.**  
An Exelon Company

America's energy choice.

## Results:

- Reduction in electric usage: 10%  
(approximately 500,000 kilowatts per year)
- Reduction in natural gas usage:  
360,600 therms
- Total reduction in carbon footprint:  
4 million pounds per year
